See "Pricing of Securities" in the Disclosures section at the end of this statement. Estimated annual income and estimated yield for certain securities can include return of principal or capital gains which could overstate such estimates. Estimated yield and estimated annual income are estimates and the actual income or yield may be lower or higher than the estimates. Estimated yield reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. If you hold structured products, please refer to the Special Considerations Regarding Structured Products section of the Disclosure section.

Important Information About Auction Rate Securities

The following message has been added to all client account statements but applies only to holders of Auction Rate Securities. Depending on your current holdings, this message may/may not be applicable to you.

Due to market conditions, certain Auction Rate Securities are experiencing no or limited liquidity. Therefore, the price(s) for any Auction Rate Securities shown on this statement may not reflect the price(s) you would receive upon a sale at auction or in a secondary market transaction, and are not an indication of any offer to purchase at such price. There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security. The prices of any Auction Rate Securities on your statement in most cases reflect par value, but may be derived from various sources. These prices may differ from: prices provided to us or our affiliates by outside pricing services; our or our affiliates' own internal bookkeeping valuations; prices of transactions executed in any secondary market that exists or may develop; and/or the prices at which issuer repurchases or redemptions may occur. Please contact your Financial Advisor with any questions. To learn more about Auction Rate Securities, including information about the partial redemption allocations process, log on to

ClientServ for more details. To enroll in ClientServ, go to www.morganstanleyclientserv.com/welcome.

Addition of Unit Cost Column to the Holdings Section for eligible accounts

We are now providing "unit cost" information for accounts whose statements display unrealized gain/loss information at a tax lot level. For accounts where unrealized gain/loss is provided only at the aggregate security level, unit cost cannot be provided. In such cases, the column for "unit cost" will not appear. For all accounts, the month end market price/estimated value will now be presented as the first item listed beneath the security description. Note: depending upon the type of security, the share price field may display a different label (e.g. "contract price" for options, "unit price" for bonds, etc.)
