# Virtual Career Fair & Diversity Program

for Small & Mid-Size Firms

The National LGBTQ+ Bar Association & Foundation is proud to hold the second annual Virtual Career Fair Diversity Program for Small & Mid-Size Firms! This program is aimed towards smaller firms (less than 100 attorneys) and local nonprofits and government agencies from medium-sized markets throughout the country, as well as law students interested in working for these organizations.

## WHAT IS THIS PROGRAM?

This entirely virtual program will consist of a virtual career fair as well as a 1-2 hour educational session for participating firms, addressing LGBTQ+ best practices in the legal workplace to help support their inclusion efforts.

This programming is intended for smaller regional firms and other legal organizations that are interested in recruiting LGBTQ+ law students that are seeking internships and other employment opportunities in or close to their home town or school, or a niche area of praise in a boutique firm setting.
